Announcements.

We are authorized to announce
JOHN J. METCALFE
as a candidate for Councilman from
the First Ward. Subject to the action
of the Democratic party.

We are authorized to announce
E. H. HIGGINS
as a candidate for City Councilman from
the First Ward, subject to the action
of the Democratic party.

We are authorized to announce
N. A. BARNETT
as a candidate for City Councilman from
the Third Ward, subject to the action
of the Democratic party.

In Washington and other Western
States everything possible is being
done to counteract the "Back Home"
movement, which is advertising a
conference at Chattanooga. The
State of Washington is passing a law
putting a tax on advertising anything
calculated to induce emigration. Many people in the North-
west are tired of the rigors of a
severe climate and are turning their
eyes Southward.

The United States is negotiating
with Ecuador for a long term lease
on the uninhabited Galapagos Islands,
730 miles off the coast of Ecuador
and 1,500 miles from Panama. There
are 13 small islands noted for being
the home of the only giant tortoises
known, seven or eight feet long.
Uncle Sam needs the group for a
culling station.

Gen. Du Pont has increased his gift
to Delaware to \$2,000,000, to construct
boulevard 100 feet wide, 103 miles long, the entire length of
the State, the road to be not only a
boulevard but a trolley line right of
way. It is to be hoped that the
powder King's offer will not be a
flash in the pan.

The Consummate School Board is
trying to decide whether a married
girl should attend school. An Italian
girl, 12 years old, who was married
two weeks ago, still wants to attend
school.

Even the biggest of men sometimes
make fools of themselves.

Forced to Leave Home.

Every year a large number of poor
sufferers, whose lungs are poor and
racked with coughs, are urged to go
to another climate. But this is costly
and not always sure. There's a
better way. Let Dr King's New
Discovery cure you at home. "It
cured me of my trouble," writes
W. R. Nelson, of Calamine, Ark.,
"when all else failed and I gained
47 pounds in weight. It's surely the
king of all cough and lung cures."
Thousands owe their lives and health
to it. It's positively guaranteed for
Coughs, Colds, LaGrippi, Asthma,
Croup—all throat and lung troubles.
50c & \$1.00. Trial bottle free at all
druggists.

Wanted Bible Excluded.

Jes. W. Stillman, a Boston lawyer
seeking notoriety, made a demand
that the Bible be excluded from the
mails on account of unmentionable
language in it. He was politely given
to understand that he was in the
same category with Balaam's steed.

No Need to Stop Work.

When your doctor orders you to
stop work, it staggers you. "I
can't" you say. You know you are
weak, run down and failing in health
day by day, but you must work as
long as you can stand. What you
need is Electric Bitters to give tone,
strength, and vigor to your system,
to prevent breakdown and build you
up. Don't be weak, sickly or ailing
when Electric Bitters will benefit
you from the first dose. Thousands
bless them for their glorious health
and strength. Try them. Every
bottle is guaranteed to satisfy. Only
50c at all druggists.

Even a clam knows when to shut
up.

FOOL AND HIS
MONEY PART

He Has 134 Thousand-Dollar
Bills and Falls in Love
With Manicurist.

Atlanta, Ga., March 4.—Fortified
with 134 thousand-dollar bills, a
New York certified check for \$45,000
and a suitcase and Gladstone bag
crammed full of bills of smaller
denomination and gold coins, a mysterious
stranger has just finished giving
Atlanta a perfectly good imitation
of "Death Valley Scotty's" free
spending and has departed for Havana,
Cuba, with Miss Louise Whittimore,
a pretty manicurist, with whom he fell in love while here.

After a short stay in Cuba they
will go to New York from which
they will go to Europe for an
extended tour.

The young Croesus registered at a
local hotel as A. W. Carmichael, of
New York, but is said to hail from
Buenos Ayres. He asked to be given
an entire floor, but finally was per-
suaded that a suite of four rooms
would be sufficient. He then pro-
ceeded to a tailoring establishment,
where he ordered an outfit of six-
teen suits, paying for them in ad-
vance, something over \$1,000. But
this was only the start.

Carmichael visited the hotel bar-
bershop the first day where he met
and fell in love with Miss Louise
Whittimore, a pretty manicurist, and
made an engagement for luncheon.
Not satisfied with her costume, he
peeled out five \$100 bills and sent
her out to get some clothes benefit-
ing the occasion.

When she reappeared he was
dissatisfied with her lack of jewels
and took her to a leading jeweler's
where he presented her with a large
diamond ring and pearl necklace.

A Dreadful Slight.
to H. J. Barnum, of Freeville, N.
Y., was the fever-sore that had
plagued his life for years in spite of
many remedies he tried. At last he
used Bucklen's Arnica Salve and
wrote: "It has entirely healed with
scarcely a scar left." Heals burns,
boils, eczema. Cuts, Bruises, Swell-
ings, Corns and Piles like magic.
Only 25c at all druggists.

Woman Past Help.

Chandler, Okla.—In a letter from
this place, Mrs. Ella Flowers says,
"I hardly know how to thank you
for the good that Cardui has done
me. Before I tried Cardui, I thought
I was past help, but after taking it, I
was relieved at once, and gained at
least 10 pounds. Everybody says I
look so much better. I am still im-
proving greatly." Many women are
completely worn-out and discour-
aged, on account of womanly weak-
ness. Are you? Have you not tried
Cardui? It only needs a few doses
to convince you that Cardui is just
what you need. Try it today. It
will cure your pains.

How It Looked to Him.
Mrs. Dresser was looking over the
grocer's bill.

"How many pounds are there in a
peck, Henry?" she asked.

Her husband looked up from his
newspaper.

"Are you trying to figure out the
weight of your latest costume, my
dear?" he asked.

Real Estate.

I am now located in Elkhorn and
wish to say to my friends in Christian
county that I have opened a
Real Estate office in Elkhorn and will
buy and sell all kinds of realty or
commission. I have listed some fine
farms in Todd county, which can be
bought at reasonable prices. Will
also find purchasers for Christian
county land and in fact do a general
real estate business covering this
section of the state.

W. T. KEATTS, Elkhorn, Ky.

A Cash Offer.

The Kentuckian has made a special
clubbing rate with The Memphis
Weekly Commercial Appeal by
which we will furnish both papers
for one year for the very low sub-
scription price of \$2.25. The Com-
mercial Appeal is one of the largest
and best papers in the South, and
we hope to receive many new sub-
scriptions on this offer; \$2.25 cash
for both papers.

Oak Grove, Ky. R. R. 2

PHOTOGRAPHS OF DIGESTION

X-Ray Moving Pictures Are Taken In
Paris Which Clearly Show the
Entire Process.

J. Carvallo of the Marey institute,
Paris, France, has recently succeeded
in making cinematograph X-ray pic-
tures showing the process of diges-
tion both in warm and cold blooded
animals. The value of these results
is obvious, as these moving pictures
give us an actual view of the in-
terior workings of the human body,
and for the first time physicians have
been able to see an absolutely re-
liable reproduction of our organs in
action.

Many attempts have been made to
produce this result, but they have
failed because of the difficulty ex-
perienced in obtaining the Roentgen
pictures with exposures lasting but
a small fraction of a second; also be-
cause no suitable cinematographic
apparatus was available for pro-
ducing the pictures.

The animals under test were fed
with an alimentary paste or with
their usual food mixed with a basis
of bismuth nitrate. The results of
these pictures have been checked by
special investigations showing that
the pictures are true photographs of
the actual movements of the organs.
Mr. Carvallo has produced X-ray
pictures which are said to show the
digestive process in the most differ-
ently constituted animals.

EXPLAINED.

PLAN MONUMENT TO HORSES.

A Japanese correspondent writes
in the current issue of Our Dumb
Animals that despite the fact that
cruelty to animals exists in his country,
"due more to ignorance than to malice," there is a growing senti-
ment toward betterment in that direction.
In the course of his letter, Masujiro Honda says: "Memorial
services were held for the horses killed
and wounded both in the Chinese and the Russian war, and a
Buddhist priest is traveling all over
Japan to raise funds for erecting a
monument to the memory of the war
horses lost in our recent national
struggle. His idea is to set up in
suitable place a statue of a horse
with the Buddha of Mercy, Kwan-
non, on its back."

AFTER THE FLOOD.

For a month, recently, a patient
in a Newark hospital subsisted on
modified milk and distilled water.
At last the physician removed the
cure and assured the patient that he
might have anything to eat that he
desired.

"What do you crave most?" asked
the doctor.

"More than anything else in the
world," replied the afflicted man, "I
crave a large bowl of oyster crack-
ers."

Sitting up in bed a few minutes
later, he ate oyster crackers ad lib,
with a look of seraphic satisfaction
in his eyes.—Newark News.

WISDOM OF EXPERIENCE.

"Your husband," remarked the in-
timate friend, "looks like a man who
would be easy to get along with."

"Yes," rejoined the bride of six
long months, "he's almost as easy to
get along with as he is to get along
without."

HIS SOLE DREAD.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paraffin, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulence. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

Philadelphia, Pa.

WASHBURN-CROSBY'S GOLD MEDAL FLOUR

WAS A SOLDIER OF PEACE.

With All Men of His Mind, Wars Would Soon Cease.

Alfred H. Love, the president of the Universal Peace union, told the other day in Philadelphia a peace story.

"At the Christmas season," he said, "men talk sincerely about loving one another, about the universal brotherhood of man, and in the same breath they assert that it is right to burn and maim and kill in war.

"They are not so logical as a young colored recruit who served in the Philippines.

"This young man, at the end of his initial engagement, was haled before his captain.

"So you ran at the first fire, did you?" said the captain, scornfully.

"Yes, sah; an' I'd a' run sooner, sah, if I'd known it wuz comin'."

"Have you no regard for your reputation, Calhoun?"

"Mah reputation hain't nuffin' to me, sah, 'longside o' mah life."

"The captain smiled and twirled his mustache. Here was an intelligent young man. He'd talk him over to the right point of view.

"Even if you should lose your life, Calhoun," he said, "you'd have the satisfaction of knowing that you had died for your country."

"Wot satisfaction could dat be to me, sah, when de power o' feelin' it wuz gone?"

"Then patriotism means nothing to you?"

"Nuffin', sah. I wouldn't put mah life in de scales agin any government dat eber existed, for no government could replace de loss o' me."

"Calhoun, if all soldiers were like you, the world's governments would all go to pieces."

"On de contrary, sah, dey'd last forever; for if all soldiers wuz like me, den dere couldn't neber be no fightin'."

FATAL REALISM.

Playing in the cellar of his home at Philadelphia, a few days ago, Charles Smith, an 11-year-old boy, slipped noose about his neck, after having first attached an end to the ceiling. He then jumped from the top of a table on which he was standing. When his mother was brought to the cellar a few minutes later attracted by the calls of her younger son, the child was dead. The boy got his younger brother, Raymond, to go to the cellar with him. Charles got a rope from the kitchen, and, hauling a table to the middle of the cellar, reached up and fastened one end to a rafter. Then making a noose he placed it over his head and threw himself from the table. His brother watched his dying struggles in glee, thinking that Charles was only making the scene realistic. Later when his brother's movements were stilled and he would not answer the child became frightened and called his mother.

VALUABLE DISCOVERY.

While cleaning out an outhouse at Netherhampton, Wilton, England, recently, a laborer came across seven old spoons all stuck into the earth. When cleaned these proved to be of silver and gilt in excellent condition, and scarcely tarnished. The spoons are dated 1529, and have been valued at £50 each. This is the second find of antiquarian interest on the earl of Pembroke's estate this year, the scene of the latest discovery being about two miles distant from the previous one, which consisted of two urns containing Roman coins.

BY THE FIRESIDE.

Mrs. Haymow—Si, what does this here paper mean by rollin' stock, somethin' 'bout a railroad, hain't it?

Si Haymow—I d'n know, unless it's that there watered kind. I heard one o' railroad fellers say onet 'at he made a big roll in water stock.

IN THAT MUCH.

You don't appear to be in very good humor to-day," said the visitor to the sanctum.

"Well," replied the editor, "I guess I am out of humor to-day."

"Good! then you'll be in good humor if you buy this batch of jokes of mine."

DEPRIVED OF HIS SUPPORT.

Kind Old Gent—What do you mean by saying your occupation's gone?

Soulweary Samuel—They have pulled down the house I used to lean against.

Speechless For Thanks.

Mena, Ark.—"I find Cardui to be all you represent," writes Mrs. H. B. York, of this city. "I suffered from womanly ailments, for nearly two years, before I tried Cardui. I have been so relieved since taking it, I cannot say enough in its praise. It has done me a world of good, and I recommend Cardui to all women." Cardui is over 50 years old, and the demand is greater today than ever. Cardui is the standard, tonic medicine, for women of every age. Would you like to be well and strong? Then take Cardui. Its record showsthat it will help you. Begin today. Why wait?

MOTHER THE BEST TEACHER

Victor Emmanuel's Effective Reply to Women Who Appealed for the Religious Teaching Orders.

During the conflict in Italy between the church and state a deputation of ladies waited on King Victor Emmanuel and asked him to revoke the decree which banished some of the teaching orders from their city. They said it would be impossible to have their daughters properly educated.

The king listened and then said courteously: "I feel that you are mistaken in your views, as I know at this moment there are many ladies in your town who are as well qualified to educate your children as the teachers who are leaving."

The ladies looked at each other, and then their spokeswoman begged the king to point out the excellent teachers he had mentioned. "The teachers," said Victor Emmanuel, "are yourselves, for your daughters cannot have any persons better qualified to superintend their education than their own mothers."—Home Notes.

For professional Nurses, call NURSES REGISTRY, long distance phone, No. 611, Evansville, Ind. Good service, calls promptly answered. Refer to Evansville Hospitals and Physicians.

ENDED THE SUPPLY.

There is an amusing anecdote about King Louis of Bavaria in Lady Dorothy Nevill's reminiscences: "Resolving to relieve the needs of one of his poor but brave aids-de-camp, he sent him a small portfolio, bound like a book, in which were deposited 500 crowns. Some time afterward he met the officer and said to him, 'Ah, well, how did you like the new work which I sent you?' 'Excessively, sir,' replied the colonel. 'I read it with such interest that I expect the second volume with impatience.' The king smiled, and when the officer's birthday arrived, he presented him with another portfolio, similar in every respect to the first, but with these words engraved upon it: 'This book is complete in two volumes.'"

BASE LIBEL.

"Oh, Mrs. Uppington, I was so sorry to read about your trouble with the customs inspectors at New York. The papers said you had to give up nearly \$5,000 worth of rare lace that you had sewed to your corset."

"That was a miserable lie. The papers are always misrepresenting things. I had it fastened to my chemise."

COULDN'T TELL A LIE.

"Are those socks all wool, young man?" queried the old gentleman.

"I—er—don't think so, sir," replied the new clerk. "They are marked 'half hose' on the box."

WRITING PLAY IN CROWD

Clyde Fitch, the Dramatist, Was Able to Write Under Almost Any Circumstances.

It is not often one sees the actual writing of a play. Naturally few authors care for onlookers while they work. Clyde Fitch was a conspicuous exception. He was able to write under almost any circumstances. Indeed, had he not been, he hardly could have produced as abundantly as he did. Habitually he rose early and was at his desk while the morning was yet young. But he made no hard and fast rule as to working hours. An instance of his freedom from that notionalism so typical of creative writers occurred while he was in the midst of "The Girl With the Green Eyes." A party of intimates were spending the week-end with him at his country house. During the lazy Sunday afternoon, while his guests were occupying themselves variously, he took paper and pencil to a corner of the long room in which they were all gathered. Disregarding their games and chatter, he worked out his scene—a scene in the second act of that delightful comedy, which ranks with the best work he has ever done.—Metropolitan Magazine.

A RARE BIRD.

Lady—Does this parrot talk well?
Dealer—No; but he's a wonderful
Entertainer.—Sourire.

Current Comment.

Joseph Weldon Bailey, of Texas, may find his resignation of his commission as a Senator of the United States has entered into effect. A question has been raised as to whether Vice President Sherman had the right to withhold the resignation from the Senate after its presentation to him for such purpose, and whether the Governor of the State of Texas had the power and the authority to refuse to accept the resignation and ask for its withdrawal.

There is the further question of whether Mr. Bailey, having resigned the senatorship, could resume it.

The sum of \$7,182,507 was held to day by the supreme Court of the United States to be the proportion of the \$33,000,000 old Virginia State debt which West Virginia is under obligations to bear. The court left the final determination of the matter including the question of interest, to the State to decide by conference.

Stanley on Rules.

Headed by Robert L. Henry, of Texas, the new Rules Committee of the House will include the following Democrats: Stanley, of Kentucky; Pou, of North Carolina; Hardwick, of Georgia; Garrett, of Tennessee; Foster, of Illinois, and Denver, of Ohio. The four Republican members have not been selected.

Real Estate Sold.

T. S. Knight & Co., have recently sold the following real estate:

The Gish property on cor. Ninth & Water streets, one of the best pieces of business property in the city, to John H. Bell; Tract of land on Bradshaw pike, for R. L. Horn to Lee Oldham; Tract of land on Nashville pike for James Holman to A. F. Davis; House & lot on Hayes street.

FISCAL COURT.

Mostly Routine Matters Claim Attention.

The regular monthly session of Fiscal Court was held Tuesday. Mostly routine business consumed the day. Claims amounting to about \$375, incurred during the recent smallpox epidemic, were allowed. Miscellaneous claims against the county amounting to about \$450 and poorhouse claims of \$90 were also allowed.

Claims against the Commonwealth of Kentucky, amounting to \$41.50, were ordered certified to the State Auditor for payment.

The sum of \$200 was appropriated to W. F. Rand, poorhouse commissioner, for the present quarter and to liquidate outstanding debts.

It was ordered that the J. I. Case T. M. Company be secured to demonstrate by practical road building for a period of twelve days at a cost not to exceed \$300.

RUSSIAN HOLOCAUST

Picture Show Burns and 90 Lives Lost.

St. Petersburg, March 8.—Ninety persons, many of whom were children, were burned to death and forty others injured in a fire that destroyed a moving picture theater at Bologoe Sunday. Reports of the disaster were received here to-day.

The flames broke out while the exhibition was in progress and quickly enveloped the building, cutting off every avenue of escape.

Futile attempts at rescue were made by those who happened to be close by the exit when the fire started and by those on the outside, but the fury of the flames drove them back before they could reach the shrieking victims.

All the trains for misfortune run express.

A man seems to build a big fortune just to spoil the morals of those who inherit it.

Deafness Cannot be Cured

By local applications, as they cannot reach the damaged portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Cataract, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness caused by Cataract that cannot be cured by Bell's Cataract Cure. Send for circulars free.

SECOND ANNUAL LOW PRICE SALE FURNITURE and RUGS

Saturday March 11 to Saturday, March 18.

INCORPORATED

AMOS TRIAL UNDER WAY

(Continued from First Page)

saw a negro man and heard him ask a white man "What time is it, Mr. Rich." The negro threw up his eyes and looked me square in the eyes. He then said, "Thank you, sir," to the man addressed as Mr. Rich. Neither Rich nor the negro were masked.

E. N. Miller—Was here night of raid, was on police force, heard the raid, was in the office. 1st attracted by telephone message. Operator called, come down to office. I notified other boys and we started out of office. We saw bunch of men at Court House. Claxton, Broderick and myself were in office. We were ordered to stay in office. I went to Home phone and called Mayor, but got no answer. Called Chief and got none, was cut off from Cumberland. Could not get answer. They shot into the office, lot of shooting. They hit the door and window, we got to side door in hallway. They never did come into office. They had gone away before we got out. Heard no orders given. Saw some of them. Didn't see many, didn't see masks. I reckon they were armed, don't know it. Heard about it a little after 2 o'clock. Men had gotten back from usual round, didn't know they were here until I got telephone message. Night chief was not there.

LINDSAY MITCHELL.—Was aroused by shots and men calling his name, about 35 of them. Called to him to come out, he didn't go. Took his child out of bed and put him on the floor. They shot into house. Opened door for father and 3 came in. They would not let him put on shoes. Went out and they struck him over the head and punched him with guns. They were stopped by some one who was in authority, one fellow said "I am going to hit him one." was on 9th street. They struck him as he got to second step. Had promised not to hurt him, was barefooted. Struck him with guns and pistols, cursed him for buying tobacco, said they had come to burn things up, and asked "do you see that fire?" I think there were about 125 of them. Four of them went nearly home with me. I called for the doctor. They left town in 20 or 30 minutes. 37 window panes were shot out of the house and also the hall lamp. Also testified to seeing houses shot into. There were 10 or 12 boarders in the house, besides father and mother, had wife and one child, other ladies were there. Saw three men on Main St. unmasked and unarmed, I was in upper story. It was about 2:30 when they got to my house. I think it was because I was buying tobacco.

J. T. GREER

Was at home and heard shooting went to I. C. depot, saw 2 or 3 on 7th st. shooting up in the air, I

watched them, street was full as far as post office, all shooting. I went on 9th, up Main and to Garnett building and went up and looked out window. Lights had been shot out, saw top buggy come down Main street, couldn't tell whether occupants were masked. Left Garnett building and came up towards courthouse. Saw some men, all masked, had white badges on shoulder. Testified as to shooting and property destroyed.

W. E. GRAVES

Shooting first attracted my attention. Came down town and saw raiders corner 9th and Va. Five of them captured me, took me to Armory steps. Saw telephone girls with raiders. Took me to first bridge on I. C. They were masked and armed. Let me go back. At I. C. depot they called numbers. Didn't hear any orders. Don't know exact time. Captured corner 10th & Main. Called numbers to 7. Answers were "Old Hell" we are all here; and off they went. They shot at the clock, many of them.

E. H. HESTER.

Chief of Fire department said he got the alarm over the phone and coming down found them in front of station. Threw gun on me searched me, took my pistol and held me prisoner at Hill House. Never got pistol back. They said if I brought out the horses they would kill them. I heard a horn blow and they ran towards the I. C. depot. I was awakened just before 2 o'clock, by operator, when I got there they were in charge.

MISS ANNIE CURTIS.

Miss Annie Curtis was on duty at Cumb. telephone office, heard yelling, went to window, saw men armed and masked. They broke the door and then broke the glass in the second door. Told us not to be alarmed they would not hurt us, not to notify anybody. Took us down stairs. Shot through our upper windows. They talked to us. They said they were going to dynamite the Imperial and burn the Snuff factory. Let us go back, offered to escort us. Saw Latham building burning. They were shooting, they left on signal. Three of them staid with us. Next morning lines were out of commission. 25 minutes to 2 o'clock first we heard. Not treated with any impoliteness. Heard swearing and men were told to be careful how they were talking. They came to office before we saw the fire.

MILTON OLIVER.

Am 50 years old, live in Metropolis, Ill., until recently Lyon Co. Have known Dr. Amoss 4 or 5 years. Am a night rider, joined at Nabb's school house, never learned abrogation by heart. Sworn in by Geo. Brown, have been in meetings with Amoss, first time at Cedar Grove school house. Saw him at Nabb's school house. He instructed the boys how to transact business in detail. I understood it was to have everything going their way. They were to see that the men joined the association. I

also testified to seeing houses shot into.

ROYAL Baking Powder Economy

The manufacturers of Royal Baking Powder have always declined to produce a cheap baking powder at the sacrifice of quality.

Royal Baking Powder is made from pure grape cream of tartar, and is the embodiment of all the excellence possible to be attained in the highest class baking powder.

Royal Baking Powder costs only a fair price, and is more economical at its price than any other leavening agent, because of the superlative quality and absolute wholesomeness of the food it makes.

Mixtures made in imitation of baking powders, but containing alum, are frequently distributed from door to door, or given away in grocery stores. Such mixtures are dangerous to use in food. In England, France, Germany and some sections of the United States their sale is prohibited by law. Alum is a dangerous mineral acid, and all physicians condemn baking powders containing it.

The label of alum baking powders must show the ingredients.

READ THE LABEL

only remember seeing him in the railroad and just beyond depot burned first house. I passed Amoss on road between where he gave instructions and town. He had on a black mask. He was to see the men lined up and that all were in place. He was to see the men lined up and all in place. I was present when plans were discussed. Amoss said Hopkinsville had invited them. All were armed and masked. When we crossed the railroad a man on the corner was shot. We set factory on fire, broke in either through window or door, poured coal oil on the building and set it on fire. Dr. Amoss instructed us at Wallonia to intimidate.

We staid until under headway and then went to another factory and burnt that. Police were to be kept in their office. After burning we came down where they were whipping a man named Mitchell, staid there until signal to leave was given.

First saw Guy Dunning at Wallonia. He was captain of Squad No. 1. B. Malone was captain of No. 2 and led the squad. I belonged to that squad. Saw him when he hitched, placing his men and instructing them to keep up. Didn't see him after I stumbled and fell.

Saw Robinson setting fire to the first factory. He was instructed at Wallonia by Amoss. Saw Nichols at same place. Saw Irvin Glass; he started from my house when I did. Didn't see him again until next morning on my way home, when he overtook me. Don't know where Amoss was during the burning of the two some of the boys said Amoss had got shot and left for home, that Dr. Haydon carried him back. Dr. Amoss was considered the foremost man or leader. Saw Dunning where they were whipping Mitchell. Don't know who the man was who said not to hit Mitchell any more. Some one said be careful not to get hurt as the Dr. has gone. Never attended any meeting with Amoss since raid.

Cross ex—Was member of Association. Joined night r. at Nabb's in Lyon county, I think in 1907. Raid was talked of for 6 months. Amoss talked at Nabb's and Cedar Grove, where he gave whipping instructions. Met at Wallonia about hour after dark, earlier than 8 o'clock. Amoss was there. Meeting lasted one hour. I lived 7 or 8 miles from Wallonia. School house was lighted with lamps. After leaving Wallonia didn't see A. till we got to hitching place. Don't know how many were in gang, probably 300 or 400.

Reinforced at Gracey and other places, squads put in before or behind. Heard A. was shot in back of head or neck. Didn't see him after reaching Hopkinsville.

The witness then stated that he denied being in any raid or being a night rider in Judge Evans' court. I swore falsely when I made affidavit that I was not a night rider. I did this because obligation as a night rider required it. Met Dr. A. at Nabb's before going to Paducah. Most of these defendants were present. Purpose of meeting was to prepare testimony for Paducah meeting.

We agreed to swear falsely and tell any tale that would clear.

Witness was still being cross examined at the press hour.

Got Light Sentence.

Dave Anglin, the negro accused of killing George Hopper, whose trial was concluded Monday, was given two years in the penitentiary. The jury remained out only a short while.

Ed Winn, a white boy accused of killing Abe Allen, on October 1, the day of Ringling's show, in this city, was tried and acquitted.

If I Bad Eczema

I'd wash it away with that mild, soothing liquid, D. D. D. Trial bottle, 25c. Relieves all kinds of skin trouble, cleansing away the impurities and clearing up the complexion as nothing else can.

Yes. If I had any kind of skin trouble I'd use D. D. D.

L. L. Elgin, Hopkinsville, Ky.

Delsarte Entertainment.

Mrs. A. D. Reid, very successful teacher of physical culture and expression, from Somerset, Ky., is in Hopkinsville organizing a class of young ladies and children to drill for a Delsarte entertainment. She has had 25 years' of experience in this work and the press of the best towns and cities where she has taught say that her entertainments are the best they have had. She taught in Hopkinsville 18 years ago and her entertainment was said to have been the prettiest ever given here. She is the wife of an invalid minister and has educated three sons.

PROPOSALS FOR SUPPLIES.

Sealed proposals will be received by the Kentucky State Board of Control for Charitable Institutions, at its office in Frankfort, Ky., until noon, Monday, March 27th, 1911, for an estimated supply for six months, of clothing, dry goods, shoes, hats, notions, etc., and until 12 o'clock noon, Thursday, April 6th, 1911, for an estimated supply for three months, of flour, meal, meats, groceries and all food supplies, for the three State Insane Asylums and the Feeble-minded Institute, under control of said board.

The Board reserves the right to reject any or all bids. For blank proposals and specifications apply to Geo. B. Caywood, Secretary, Frankfort, Ky.

CROPPER WANTED.

GROW BULBS IN WATER BOWL

Chinese Sacred Lily, Hyacinth or Narcissus May Be Had, and Are Inexpensive.

Have you ever tried growing flowers in a bowl of water? If not, you should try a few this winter. Procure some good bulbs of the Chinese Sacred Lily, Hyacinth or Narcissus and plant them in bowls or deep dishes with sand or pebbles to hold the bulbs in position.

Then pour in clear water until the bulbs are half under water and place in a south window if convenient, or

Bulbs for Winter.

where they will have the benefit of the sunlight. Add water as needed and protect from cold the same as other winter blooming flowers.

All of the above named bulbs and a number of others may be had at any time during the winter and are nearly all of them inexpensive.

Several Hyacinths or Narcissus may be placed in one bowl; from six to ten will give a good result. Only one or two of the Chinese Lily bulbs should be planted in a bowl.

The Chinese Lily is the queen of plants for growing in water. The blossoms are pure white with yellow cup shaped centers measuring one and a half inches in diameter. The last for several weeks and are exceedingly fragrant.

The buds shown in the illustration carry the germs for blossoms for next spring. They are the bulbs for winter indoors blooming. From left to right the bulbs are Jonquil, Chinese Lily, Tulip.

MOISTURE IN FLOWER POTS

Ingenious Arrangement for Supplying Water to Plants Without Trouble of Leakage.

A flower-loving genius has invented a box for supplying moisture to plants in window-boxes, stationary stands or other receptacles by which water may be supplied once a week or even at longer intervals.

The illustration shows that the water is poured into the bottom of the box or pot through a tube in the corner which extends down to the reservoir. This reservoir is from one to two inches deep and on top of it is placed a false bottom which supports the soil. Inserted in the holes to the false bottom are sponges which touch the extreme bottom of the box and ex-

Self-Watering Hanging Basket.

tend upward into the soil in which the flowers are planted. The water is drawn upward through these sponges in sufficient quantities to maintain a uniform moisture in the soil and at the same time sufficient air is supplied with the water to insure giving the plants a thrifty and healthy growth.

This is a perfect application of the principle of sub-irrigation and does away with a great deal of trouble in regard to frequent watering and leaking which the old style pots and wooden boxes entailed.

HORTICULTURAL NOTES

Plants with large leaves should be washed.

Learn to prune, spray and cultivate your trees skillfully.

Fruit growing is a great business when followed properly.

The large chrysanthemum blossom is becoming generally popular.

The cowpeas add humus to the soil, which enhances its water holding capacity.

Aside from enriching the soil in nitrogen the cowpea improves its general condition, rendering it more porous.

No flower collects insects more rapidly than ivy, for which reason ivy should be kept out of the collection of rare plants.

During the past 15 years the Catalpa Speciosa has come rapidly to the front on account of its immense value along commercial lines.

It will pay any one interested in fruit growing to study the catalogues of different reliable nurseries and post up on different varieties.

If, after taking the flowers into the house, you discover the troublesome meal bugs, aphids, green flies and tiny red spiders, begin at once to kill them.

The currant worms can be effectively destroyed by gathering the leaves containing the young larvae, which may usually be found on the under side of the leaves.

AN OLD COLONIAL CAKE

Recipe for Yellow Loaf Said to Have Come From Family of Washington.

An old colonial recipe for yellow loaf cake, said to come originally from the family of George Washington, calls for one cupful of butter, two and a half cupfuls of granulated sugar, six eggs, a cupful of cream of rich milk, one even teaspoonful of soda, two of cream of tartar, four cupfuls of pastry flour and one cupful of seeded raisins. Cream the butter and sugar, then stir in the yolks of the eggs. Add the cream of tartar to the flour and sift them together several times. Add the soda to the milk and stir the mixture into the butter, sugar and yolks. Then beat the whole into the flour and cream of tartar. When smooth add the raisins and finally fold the whites of the eggs, whipped to a very stiff froth, through the batter. Do not stir the cake after the whites are added. Butter a large tube pan and fill it half full. After it has baked and become cold, ice it with a heavy snow white icing that will contrast prettily with the yellow of the cake. Citron sliced in thin strips may be used instead of raisins or in combinations with them.

This confection may be used as a birthday cake and is very attractive for the purpose.

TURPENTINE MOST USEFUL

All Sorts of Ways in Which It Can Be Used About the House.

Turpentine can be used in all sorts of ways. Here are some:

Spirits of turpentine will restore the brilliancy to patent leather. Bags and boots rubbed with a rag moistened with it look almost like new.

A few drops in boxes and cupboards will keep moths away.

If a few drops are added to starch, it will prevent the iron from sticking.

A flannel dipped in hot water sprinkled with turpentine and laid on the part affected will often relieve lumber and rheumatism.

Turpentine mixed with beeswax makes a good floor polish.

A little added to the steeping water (a tablespoonful to a gallon) makes clothes beautifully white.

HANDY KITCHEN CABINET

A Straining Bag.

A flannel straining bag is a necessity in any kitchen where jellies are prepared. Instead of investing in an expensive strainer, an excellent substitute may be made of ordinary flannel, which should first of all be hemmed neatly and then soaked and wrung out in boiling water. When it is used, it should be laid inside a large bowl and the fruit or liquid jelly poured into it. The four ends of the flannel should then be tied together and a stick passed through the knots. The bag can then be suspended over a bowl by means of a couple of chains and left to drain slowly until all the liquid has passed through. A blanket should be thrown over the top in cold weather, so as to prevent the jelly from setting too soon.

Cream Carrot Soup.

Wash, scrape and cut in slices enough carrots to fill a pint bowl. Boil these in a quart of water, slightly salted, till soft enough to rub through a sieve with the potato masher. Mix together in a thick saucepan two tablespoons of flour and one tablespoon of butter, stirring with a wooden spoon till they begin to bubble. Gradually stir into this a pint of milk and the carrot pulp. Add hot water to make one quart of soup. Put the yolk of one egg and a tablespoon of chopped parsley together in the turner, turn in the hot soup, stir gently, and serve at once.

Orange Marmalade.

One each orange, lemon and grapefruit, shave very thin, rejecting seeds and cores. Use all peel and pulp. Measure, add three times the amount of water and let stand in an earthen dish over night. Next morning boil ten minutes, let stand another night, in morning add an equal amount of sugar and boil until it jellies. The jelly should be amber colored and stripes well defined. This makes twelve glasses.

Cream Soups.

Dissolve 1 1/2 teaspoons of granulated gelatine in 2 tablespoons of cold water. Beat 1 pint of cream until stiff, fold in 1/2 cup powdered sugar. Add the gelatine and beat a few minutes until well mixed. Flavor with a teaspoonful of vanilla. Turn into a mold and let it get very cold.

Baked Apples With Nuts.

Core the apples and fill the cavities with one-fourth cup walnut meats cut in small pieces, with a little sugar, and bake in the oven.

Lettuce and Pepper Salad.

For lettuce and pepper salad shred about half of a seeded sweet red pepper and sprinkle it over the dressed lettuce.

CLEAN THE CLOSET'S REGULAR

Apply White Paint With Stiff Brush
—For Light Use Reflection
From Mirror.

A little time should be taken every cleaning day in inspecting the closets about the house that are slightly or not at all used; generally there is one under the upper stairs or over the cellar steps.

These closets are in most instances so dark that it is almost impossible to tell whether they are dirty or not, but it is not hard to tell if they need cleaning when you try to remember the last time you gave them a thorough cleaning.

These forgotten closets are breeding-places for disease, and they are often to be found in the very best managed households, for few housewives and still fewer maid-servants will think of giving these dark enclosures the cleaning they need as regularly as they do the other rooms of the house.

The dust might appear invisible when you are not in search of it, but if you flash a light into the low-ceilinged apartment it does not take much imagination to picture how amazed you will be.

A remedy for this is a can of white paint and a good stout brush. Apply after a thorough cleaning out of dirt and wall paper, if there is any.

For light while cleaning the place the reflection from a mirror will serve; but there will be no blind attempt to find your overshoes the next rainy day if you give that closet two good coats of white lead.

DOES AWAY WITH SCORCHING

Simple Culinary Apparatus That is Guaranteed to Prevent Food From Burning.

The most careful of cooks with the many different vessels in the course of preparation under her eyes will sin up occasionally and relax her vigilance

for a second when some one of the articles on the stove is touched by the finger of fire. Scorched food is one of the most inexcusable offenses of the cook. A simple piece of apparatus to prevent this mishap has been devised. It consists of a metal affair resembling an inverted plate, generously perforated with small holes. This rests on the bottom of the kettle and effectively prevents the contents from coming into contact with the over-heated bottom.

Cornmeal and Meat Loaf.

Get two pounds of soup meat, with the soup bone, and after the soup has been made remove all the meat and chop it fine. Then take about a quart of the soup and reduce it slightly with hot water, then add sufficient cornmeal to make a rather thick mush. Cook the meal thoroughly, and when almost done, add the chopped meat, with a little salt, pepper and two teaspoonsfuls of grated onion. Stir the mixture frequently to prevent catching or burning. When done, pour in a pan to harden. Cut in slices and serve like a beef loaf.

Little Aids to Housekeeping.

Linseed oil and vinegar, mixed in equal parts, will do wonders in cleaning furniture.

Silver inkstands stained with ink may be cleaned by applying a little chloride of lime with water.

Pewter articles should be washed in hot water with the fine silver sand and then polished with leather.

If a skirt or any other article has been scorched in ironing lay it where the sun will fall directly on it.

Corn Fritters.

Sift and cut the corn from four large, firm ears; mix a thin batter of one cup milk, one egg, two-tablespoonfuls of flour and one teaspoonful of yeast powder and a little salt; stir the corn into this batter, and fry a nice brown in drippings or butter; batter is best. Serve very hot.

Corned Beef.

Heat the meat in cold water. When at the boiling point drain, add fresh boiling water and keep the pot at the side of the fire where the water will barely bubble. One hour for each pound is none too much and a longer time will not be a disadvantage.

The Boston Pot Roast.

Two and one-half pounds steak cut in cubes, one carrot cut thin, one onion, one can of peas, one pint of tomatoes, one quarter of a cup of tapioca, two teaspoonsfuls of salt, one-quarter teaspoonful of pepper, five cloves, dash of nutmeg; put in bean pot, cover and bake eight hours.

Baked Apples With Nuts.

Core the apples and fill the cavities with one-fourth cup walnut meats cut in small pieces, with a little sugar, and bake in the oven.</

Every American Planter knows that

Burpee's Seeds Grow!

BUT--do YOU know why they are the Best Seeds that can be grown for planting
in 1911? Our address is W. ATLEE BURPEE & CO., Burpee Building,
Philadelphia. Send us your address, and we shall mail, without cost, a copy of
the LEADING AMERICAN SEED CATALOG FOR 1911, a bright New Book
that tells The Plain Truth About THE BURPEE QUALITY SEEDS.

ARTHUR'S PERIL

When the new teacher of room 20 was called away from her pupils for a few minutes the other day one little boy took the opportunity to "show off."

There was much excitement among the self-appointed monitors when the teacher returned. Fifty little hands shot up, waving and darting. Fifty little bodies wriggled in sympathy. All were eagerly demanding permission to tell what had happened during the teacher's absence. Contrary to their expectations, she seemed indifferent to disorder.

Suddenly one little boy in a back seat, remembering that the teacher had forbidden tattling and fearing that no explanation would be allowed, jumped to his feet and, still waving his hand, excitedly exclaimed: "Miss Booth, Arthur, he wuz makin' faces when you wuz out o' de room."

"Huh! He does like dis here," said another boy, shaking his fist threateningly.

"That means he'll show you," interpreted a fair-haired little girl in the front seat.

"An den—"

Six excited and scandalized children began to relate in chorus the details of Arthur's misdemeanor.

"That will do," said Miss Booth, calmly arranging some flowers in her belt. "If you children had been doing your work you couldn't have seen Arthur. I shall count the whole room disorderly."

The children sank back abashed and disappointed. They looked at the offending Arthur, who sat stiffly erect at his desk, tightly clutching a reader from which his glance never wavered.

The teacher continued to prepare a writing lesson as if nothing had happened. Yet her eyes twinkled just a little bit, and the ghost of a smile twinkled the corners of her mouth. Had they remembered similar occasions they might have recognized in the twinkle and the smile a danger signal for the offender.

In the meantime Arthur's fear gave way to astonishment. He had expected to stay after school, at least.

With a cautious glance to assure himself that Miss Booth was not looking, he jumped up beside his desk, which for the teacher's convenience was at the front of the room. Facing the other children, he rapidly darted his tongue forth and back several times, and finally megaphoned through arched palms a low, clear "Stung!"

The murmur of scandalized propriety which this new defiance aroused stirred him to fresh daring. Before risking a repetition, however, he turned warily about, only to look straight into Miss Booth's keen gray eyes. Slowly and meekly he slid into his desk and hung his head.

"Come here, Arthur," she said, quietly. "Stand here by me and do that again for the whole room."

Arthur came slowly and reluctantly forward and backed against the wall.

"Out here in front, where every one can see you," said the teacher, indicating a space by her desk. "You may make faces now."

Arthur hung his head. "I'm waiting, Arthur," she said. He twitched his sharp little nose feebly.

"Oh, no; that won't do. Make the same kind of face you made at Walter."

He twitched his nose more vigorously, and drew down the corners of his mouth.

"Are you sure that's right?" persisted Miss Booth, with a funny little catch in her voice.

This time Arthur squinted his eyes, puckered up his nose, drew down the corners of his mouth and darted out his tongue.

"Now, you may continue that for the next five minutes," said Miss Booth.

Then, turning to the other children, she asked: "How many boys in this room have strong muscles?"

"Thirty right arms swung in the air. "Have you ever noticed," she continued to the class, "what kind faces some people have and what horrid faces others have?"

"Yes, I saw a man the other day, and he had only one eye," interrupted an excited voice from the rear.

"But, I wonder," continued Miss Booth, "why some people have frowning wrinkles between their eyes, even when they are smiling."

"I know," said Walter. "Dat's cus-dey frowned so much dere faces stays dat way."

"Yes, that's right. They have been using their bad face muscles so long that they have grown strong enough to pull their faces out of shape. Go on, Arthur; I didn't tell you to stop. Some old people, you know, have such sweet, kind faces. They have been using their good muscles all their lives, so their faces are always pleasant and kind."

"Yes'm, I know. I saw an old lady once—"

"Never mind, now, Willie. Go on, Arthur. You have three minutes yet. Little children can't frown at all," continued Miss Booth. "Don't you remember—"

A loud, convulsive sob from the front of the room suddenly startled every one.

"Why, what's the matter, Arthur?" asked Miss Booth, with suspicious sympathy.

"I d-do-on't w-want to spoil my face!" he blubbered, rubbing a grimy fist in each eye.

STYLE IN SANDWICHES

JUST NOW THE ROLL SEEMS TO BE IN VOGUE.

Triangles and Narrow Oblongs Also Are Much Favored—Nice Discrimination Called for on Part of the Hostess.

The modern sandwich is small and shapely. The favorite form just now is round, though triangles and narrow oblongs are also good. A rather novel form is the roll. The thin slice is spread as for a sandwich, then rolled in on itself until about the thickness of two fingers. Sharp biscuit cutters are used for round shapes after the slices of bread are put together with the filling.

Too great care cannot be taken in shaping, as sandwiches of uneven size are not appetizing and reflect upon the social knowledge of the hostess.

If made several hours before they are used, sandwiches are packed closely together and wrapped in a linen cloth wrung from ice water, then in a dry cloth.

Pass on silver sandwich plates, with lace doily underneath, or neatly heaped on a flat china or glass plate covered with a doily. Where many sandwiches are served a small chop plate is often utilized. Where there is a muffin stand the sandwich plate is set on one of the shelves, with a plate of crackers and a basket of small cakes on the other two.

Sandwich fillings are of three orders—meat, in which is included fish and egg sandwiches; cheese mixtures, and sweet sandwiches.

There are also various greens, though lettuce is so much used with all forms that it can scarcely be classed by itself. In this class may be put celery or endive run through a fine meat chopper and mixed with mayonnaise; cress and nasturtium tendrils and pods mixed with French dressing; and parsley chopped fine and mixed with shredded peppers or shredded onion.

For tea purposes decaded onion mixtures are better omitted, though finely chopped white onion is relished with capers and anchovy fillings.

For ordinary purposes cold meat or poultry run through a fine chopper and mixed to a paste, with rich cream and seasoning of salt and paprika, are delicious and not so rich as the mayonnaise fillings. Chicken and tongue mixed in equal parts are a pleasing novelty; so is shredded bacon and ground chicken, with strips of pinenuts.

Most of the meat and fish salad leftovers can be used as sandwich filling. Hot lobster Newburg makes a delicious sandwich; so does creamed crab with red peppers, and finely chopped shrimps with capers masked in mayonnaise.

Green or red peppers chopped fine and mixed with mayonnaise make a favorite filling, the latter being especially artistic.

Some Carpet Notes.

Do you know that carpet, like ancient Gail, is divided into three classes? First there is the jacquard carpet with cut or uncut pile and a mechanical repeat from pattern. In this class are included Brussels, Wilton and Ingrain. Then there is the enlightening title of non-jacquard. Axminster and Chenille carpets are in this group.

Finally, there is the printed class, which includes fabrics on which the design is printed after weaving.

Favor is awarded to carpets in the following order: Brussels comes first, followed by Wilton, Axminster, Ingrain, Tapestry and, last of all, Velvet.

Coffee Custard Minus Eggs.

Make a strong cup of coffee, or that left from breakfast, will do; strain through cheesecloth into a pint of milk; put milk into double boiler with one-half cup sugar, three tablespoons corn starch dissolved in cold milk, pinch of salt and small piece of butter; cook 20 minutes. Remove from fire, flavor with vanilla and pour into molds; chill and serve with whipped cream. Delicious—just like coffee ice-cream. Cocoa or chocolate can be used in place of coffee.

Pate a Choux.

One tablespoon butter, one-half cup water, five tablespoons flour, one-eighth teaspoon salt, one egg. Heat butter and water to boiling point, add flour, all at once, and stir vigorously until mixture leaves sides of pan; remove from fire, cool, add egg unbeaten, and stir until well mixed. Let paste stand for one-half hour, then drop small pieces from tip of teaspoon into hot, deep fat, fry until crisp and brown. Drain on brown paper. Serve in clear soups.

Thunder Cake.

Two squares chocolate, one-half cup milk, yolk of one egg. Mix and set on back of stove until it thickens. Meanwhile mix one cup sugar, one tablespoon melted butter, one-half cup milk, pinch of salt, one and three-quarters cups flour, teaspoon vanilla. Combine mixtures and add one teaspoon soda dissolved in one tablespoon hot water.

Chutney Relish.

Four pounds of chopped apples, four pounds brown sugar, one pound seedless raisins, level dessertspoon cayenne pepper, same of ground garlic, two tablespoons green ginger root, one and a half cups vinegar. Cook in oven until done. Stir frequently.

ELKS ELECT NEW OFFICERS

Lucian H. Davis Chosen Exalted Ruler By Acclamation.

ABSENCE OF CONTESTS.

Three New Members Admitted and Degree Conferred.

There was a large attendance at the meeting of the Elks' Lodge Tuesday night, it being the time for the annual election of officers. The election was held with Past Exalted Ruler Jouett Henry in the chair at the request of Exalted Ruler C. R. Clark.

Chas. M. Meacham, who was elected Esteemed Leading Knight a few months ago, and Lucian H. Davis, who filled the same chair prior to the failure of his health a year or two ago, were placed in nomination for Exalted Ruler, but Mr. Meacham declined in the interest of Mr. Davis, who was elected by acclamation.

The other officers were also elected by acclamation, only one name being presented in each instance. The complete list follows:

Exalted Ruler, Lucian H. Davis. Esteemed Leading Knight, Chas. M. Meacham.

Esteemed Loyal Knight, Hiram Brown.

Esteemed Lecturing Knight, H. W. Linton.

Secretary, T. C. Underwood. Treasurer, Bailey Russell. Tiler and Club Superintendent, E. J. Duncan.

Trustee, Sam Frankel.

Grand Lodge Representative, C. R. Clark, alternate, C. S. Jarrett.

After the election Albert O. Hastings, Thos. A. Richards and Percy C. Smithson were initiated into the order.

WOODMEN OF WORLD

In State Convention At Madisonville Next Week.

The State Convention of Woodmen of the World will meet in Madisonville March 14 and 15 and 1,500 delegates are expected to attend. The welcome address will be delivered by Mayor D. W. Gatlin and responded to by Rainey T. Wells, Head Consul, of Murray, Ky., special rates will be given by the railroads.

Meeting at Longview.

The second Quarterly meeting for Hopkinsville circuit, will be held at Longview Methodist church next Saturday and Sunday.

Rev. R. F. Hayes, Presiding Elder, will preach Saturday morning at 11 o'clock.

There will be dinner on the ground. Quarterly conference will be held at 2 o'clock.

On Sunday Dr. Hayes will preach at 11 o'clock and administer the sacrament of the Lord's Supper.

G. W. LYON, Pastor.

With 1 pound box chocolate.....7c
These goods are 60c and 80c quality. Fully guaranteed. Absolutely no advance in price on account of premiums offered.

P. J. BRESLIN.

GEORGE WOOD

One of Hopkinsville's Oldest Citizens, Died Tuesday Aged 86.

Mr. George W. S. Wood, a grandson of Bartholomew Wood, the first settler of Hopkinsville, who gave the ground upon which the new town was laid out in 1797, died Tuesday morning at the home of his son-in-law, W. D. Ennis, on Seventh street, at the extreme age of 86 years.

"Uncle George," as he was generally known, had been growing more feeble for some time and a year or two ago left his old home a mile west of town and went to live with his daughter, Mrs. Ennis. He was born Feb. 23, 1825, and was a son of Bartholomew T. Wood. He is survived by two daughters and one son Mr. George Wood, Jr., who lives in Kansas. Also by a brother, John Wood, a sister Miss Sue Wood and numerous other relatives.

Mr. Wood was one of the oldest men in the city and remembered much of the early history of Hopkinsville.

There will be universal sorrow at the passing away of the good old man. The funeral services were held yesterday at Mr. Ennis' residence by Rev. H. D. Smith and the interment followed in Riverside Cemetery.

ENDS LIFE

Charles Smith Takes Carbolic Acid.

Knoxville, Tenn., March 6.—A special to the Sentinel from Johnson City, Tenn., says.

Charles Smith, aged 15 years who on February 7 shot Prof. J. C. Gray, his teacher, in the back, committed suicide to-day by drinking carbolic acid.

He was found dead in his father's barn this afternoon about 3:30 o'clock. The boy disappeared last night and search to-day resulted in finding him dead. Prof. Gray had chastised the boy and the shooting was the sequel.

AMUSEMENTS

"Peck's Bad Boy," which is to be presented at Holland's Opera House tonight sails only under its own flag and true colors. It is not claimed for the attraction that it offers most artistically done tragedy, grand opera, or society drama, nor even high class comedy. The only claim is that the show creates laughter of the purely spontaneous sort, is pure, clean and wholesome, and has a lasting benefit for those who see it without troubling them with any hard thinking.

The play is so well known after its many years of success in this and every other country where the English language is spoken that there is little need of repeating its story. The principal character is a healthy, good-hearted American boy who is continually working off his superfluous energy by playing tricks upon those with whom he comes in contact. His father, his mother, and Shultz, the German grocer, are most frequently the butt of his harmless jokes.

In many respects, the "Peck's Bad Boy" of the present season is a new "Peck's Bad Boy." While the same general scheme has been followed this year, as in previous years, there are many new pranks for the boy, and many pleasing musical specialties to add to the enjoyment.

Where there are too many cooks the soup will be salt.—Italian.

Tobacco News.

While the tobacco exhibit at the Kentucky State Fair, in 1910 was a good one, they received a great many complaints from the farmers and dealers of tobacco in different sections of this state and adjoining states that they could not get their new samples ready in time for the Fair, owing to the late curing of the crop.

The Board at recent meeting adopted a schedule of awards on tobacco grown in 1910 on both Dark and Burley tobacco, making two extra classes upon which premiums will be given this year. Those classes are open to dealers as well as farmers, the conditions of entry being the same as heretofore. It is to be hoped that the farmers and dealers will pick their samples now and later send to the Secretary for entry blanks.

The premium list on 1911 tobacco will be adopted and published later. Following is the premium list adopted.

Burley Tobacco crop 1910. Samples to contain twelve regular sized hands.

1st	2nd	3rd
Red Leaf	\$20.00	\$10.00
Bright Leaf	20.00	10.00
Cigarette Wrapper	20.00	10.00
Bright Trash	20.00	10.00

Best four samples from single crop embracing Red Leaf, Bright Leaf, Cigarette Wrapper, and Bright Trash \$10.00

Dark Tobacco crop 1910.

1st	2nd	3rd
Austrian Leaf	\$15.00	\$10.00
Black Wrapper	15.00	10.00

Long or African Leaf

French Leaf

Italian Leaf

Green River Leaf

Best four samples, each sample representing different type \$10.00.

Domestic Science Course At Bethel College.

Bethel Female College has just incorporated into its curriculum a course in domestic science. This course is under the supervision of Miss Elma Thompson, of Appleton, Minn. Miss Thompson received her training at Stout Institute, a well-known Domestic Science and Manual Training School, of Menomonie, Wisc., from which she was graduated in June, 1910.

Treating The Wrong Disease

Many times women call on their family physicians, suffering, as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous prostration, another with pain here and there, and in this way they present alike to themselves and their easy-going or over-busy doctor, separate diseases, for which he, assuming them to be such, prescribes his pills and potions. In reality they are all only symptoms caused by some weakness or derangement of the organs distinctly feminine. The physician, ignorant of the cause of suffering, keeps up his treatment until large bills are made. The suffering patient gets no better by reason of the wrong treatment, but probably worse. A proper medicine like Dr. Pierce's Favorite Prescription, directed to the cause would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said, that "a disease known is half cured."

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native American medicinal roots without the use of alcohol and is perfectly harmless in its effects in any condition of the female system.

As a powerful, invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For over-worked, "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequalled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nerv-

EVERY WOMAN ought to possess Dr. Pierce's great book, the People's Common Sense Medical Adviser, a magnificent thousand-page illustrated volume. It teaches mothers how to care for their children and themselves. It is the best doctor to have in the house in case of emergency. Over half a million copies were sold at \$1.50 each, but one free copy in paper-covers will be sent on receipt of 21 one-cent stamps to pay the cost of mailing only; or send 31 stamps for a handsome cloth-bound copy. Address the publishers, World's Dispensary Medical Association, 663 Main St., Buffalo, N. Y.

ine "Favorite Prescription" is unequalled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, St. Vitus's dance, and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the distinctly feminine organs. It induces refreshing sleep and relieves mental anxiety and despondency.

Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One to three a dose. Easy to take as candy.

So well has this fact been demonstrated that Harvard will accept manual skill in the place of Latin or history for entrance into science courses.

A course of this sort, besides giving very practical instruction along very practical lines, furnishes the student a diversion from the regular routine of school life.

Domestic science is rapidly being introduced in schools and colleges all over the country and is considered an indispensable essential of modern education for girls. Bethel College counts herself fortunate in being able to offer this course to her students and to the young ladies of Hopkinsville.

The courses in sewing and cooking are open to the young women and girls of the city and it is probable that classes can be formed to work at hours that will be convenient to their members. For children who are in the public schools, a class will be formed to work at times that will not interfere with school work pro-

vided there are a half dozen or more in the class. The laboratory is open to inspection and those interested are invited to call.

Shot From Ambush.

Wood Ayres, of Allen Springs, Ky., was shot dead from ambush by a mob Monday afternoon. He was recently released on a \$15,000 bond, after a Scottsville jury had disagreed as to whether or not he was guilty of murdering his mother-in-law for her money.

Keiffer-Calissi.

L. F. Keiffer, a traveling man of Charleston, W. Va., and Miss Amarilla Ethel Calissi, of Paducah, were united in marriage at Hotel Latham Tuesday night. Rev. A. R. Kasey performed the ceremony.

Petty-Davis.

G. M. Petty, of Carl, and Miss Nora Davis, of Haley's Mill were married yesterday afternoon at the home of the bride. Rev. T. T. Powell officiated.

Come to Louisville

REFUND WEEK, MARCH 13TH TO 18TH

TAKE ADVANTAGE OF OUR BIG FOURTH CELEBRATION SALE PRICES,

Beginning Monday, March 13th, Ending Saturday, March 18th.

A week of bargains in celebration of four years in our New Building at Fourth and Walnut Streets (The Largest and Best Store in the South.)
